

Attorney Docket No. 24,002 USA
Based on International
Application No. PCT/GB98/03076

April 14, 2000

37. A pharmaceutical formulation according to Claim 35 in unit dosage form suitable for intravenous use for the delivery of 1 to 300mg per day of CCK antagonist to a patient in need thereof.

38. A method of treating chronic and neuropathic pain comprising administering to a patient in need thereof a pharmaceutical formulation according to

Claim 1.--

Remarks

Prior to the present amendment, Claims 1 and 2 were pending, with Claims 3 to 20 inclusive having been canceled in a preliminary amendment prior to calculation of the filing fee. By the present Amendment, Claims 21 to 38 have been added. The present Amendment does not require payment of a fee inasmuch as the total number of claims does not exceed 20 and the number of independent claims does not exceed 3.

Added Claims 21 to 38 are patterned after the claims pending in applicant's corresponding PCT application as follows.
